

MUM

by KEN MATTHEWS

1. Always be kind to your mother
And give her the respect she is due,
Imagine the pain that she went through
Whilst giving birth to you.

2. She's nurtured you and cherished you,
And kept you clothed and fed,
And ensured you were warm and cosy
When tucking you up in bed.

3. She's been there to sort out your problems,
And help overcome all your fears,
She loves to laugh along with you,
And be there to dry away tears.

4. She's always been there during illness,
And always relieved when you're well,
she seems to know when you're troubled,
she has that strange knack, how to tell.

5. She'll always be there for you
And love you whatever you do,
No matter what problems you're having
You can bet your mum's been there too

6. You're lucky to have a role model
To love and advise you
It will make your life much easier,
When you become a mum too.

7. So give your mum a cuddle
And show her how much you care
Because sadly, the day will come
When mum is no longer there
