

## Judith Brickwood

I was born and brought up in Oxford and joined the WRAF straight from school. I later trained as a teacher and taught in several places in the UK including Scotland. I moved to the Forest just three years ago and felt instantly 'at home'.

I edit the Church and Community magazine and recently also took over the role of PCC Secretary for Christchurch.

I have two children and four grandchildren whom I spend time with as often as their busy lives permit! I have a garden for the first time with a small greenhouse and I am learning how to grow both flowers and vegetables.

I think the variety of services in the Benefice demonstrate that there are many ways of expressing the love of God and Jesus's commandment to 'love one another'.
